# **Management Dashboard**

Manage everything your designers are doing. See what ads they are working on and where those ads are in process from begining to end.

# **Mobile Order Entry**

#### **Reports & Tracking**

View reports on Time Spent, Finalized Ads, Versions, and more.

### **Ad Content Management**

At anytime, customers can upload their own content into the system for ads their designers are working on.

#### **Adobe Creative Suite Integration**

The system smoothly integrates with Adobe creative suite for for creating and editing ads.

# **Ad Proofing & Approval**

Communicate with customers via email, sending proofs and receiving approvals all from within the program

#### **Versioning History**

Every version of an ad created within the the system will be time stamped and saved for later viewing.

#### **Integration to Total Advertising**
